

PEF Region 2 Coordinator
Andrew Puleo
1st Quarter Report

March 8, 2017

Nov. 24 thru 26 – Attended 2nd Session of the Cornell Union Leadership Institute training program at Saratoga. Was assigned the following (3) assignments:

- Interview a peer, due January 11, 2017
- Perform a SMART project, due January 11, 2017
- Choose a final project & have same approved by sponsor, due July 2017

Nov. 28 - Attended/funded lunch meeting with Region 2 CS, Civil Service, Hearing delegation, comprising of R. Andrus, A. George, J. Ray, K. Patterson and Council Leader J. Eddy so as to prepare for the 12:00pm, November 30, 2016 CS Hearing at Albany. The CS hearing panel will hear arguments from PEF members regarding the 2015 CS change in qualifications for appointment to the title of Civil Engineer 1. The change calls for applicants to provide proof that they have passed the FE, Fundamentals of Engineering, test. Note that the smallest region generated the largest amount of panel delegation members.

Attended/funded the Region 2 Steward training at the Regale Restaurant in Elmira this evening. Topic of training was 'Grievance Filing and Process' as presented by R2 Field Rep. Ellen Coyne. In attendance were Jeff Anspach, Dan Loven, Ryan Woodward, Tim Green, Mark Bay, and John Pollack, R5 Field Rep.

Nov. 30 - d175 DOT, sent a (3) member delegation, Andrew George, Ryan Andrus, and Jeff Ray to address a Dept. of Civil Service Hearing Panel in regard to PEF's objection to the 2015 decision by DCS to change the qualification of attainment of the Civil Engineer -1 tile so as to require proof of passing the FE, Fundamentals of Engineering test. I note that d175, from PEF's smallest region, sent the largest delegation, oh yeah, we're engaged!

d175 Executive Council meeting so as to apprise/assign same of their required participation in my ILR Cornell Overnight SMART; Specific/Measurable/Assignable/Realistic/Time-Trackable, assignment which is due 1-11-16. This assignment tasks d175 Council with securing regular attendance from the ROW group at monthly d175 meetings. This assignment will address the fact that records of attendance clearly show this ROW group to be not engaged while all other groups are.

Attended evening Contract Team Meeting at Elmira Correctional Facility.

Members from DOL, and Southport Correctional Facility were also in attendance. Notably absent ☹, were members from EPC, Elmira Pysche Center.

d222 Contract Meeting 11-30-16

Hi Randi,

Trump's public derision of Local Steel Workers Union President actually provides an opportunity for Labor to turn the tables and share with the Prez. Elect that Labor is embracing his concern for the working man, doesn't that mirror Labor's Primary concern, let's find common ground, stroke his ego for win-wins if need be, and end the war before it starts. I say this considering that since currently we are looking at Mediation Training for PEF's Officer's, let's practice what we're about to preach.

I am looking to forward to speaking more on this in person this week as I am hopeful you will be attending the NYS AFL-CIO Holiday party in NYC on December 15. To clarify, what I'm trying to say...if I was that Union Prez I would have responded by inviting Trump to meet, not by creating a wider rift. Any meeting would put Trump in spotlight and he is compelled to toe his own line of looking out for the working man, again we have to get him on board that we have mutual goals. The next time Trump derides a Union, that Unions leadership should open the door invite him in, read him their mission statement and call him out as to exactly what is wrong with Union's cause and their Mission Statement.

Thank you,

Andrew Puleo

Re: Devo's Appointment

I meant to share this earlier with you. Your comments provided great insight for me as to who Devos is, and what she stands for.

I believe Devos' attack of Public Education is an attack on America.

By that I mean, wasn't this country founded and built upon Public Education, wasn't our "Greatest Generation" the product of Public Education, aren't the good good people of PEF, AFT and SEIU, mostly comprised of Publicly schooled individuals, and aren't we America?

Thank you,

Dec. 14 - Newly activated d359 DOL holds first meeting in over 10 years at the Central Restaurant in Painted Post at 6PM. Report as submitted by Council Leader Mike Singleton follows.

On Dec 18, 2016 2:01 PM, mike singleton <vamike98@yahoo.com> wrote:

On the bitter cold night of December 14, 2016 it was warm and toasty inside as members of Region 2 Division 359 met as a division for the first time in over 10 years at Pierri's Central Restaurant in Painted Post. The newly reactivated division celebrated new life with Region 2 Coordinator Andrew Puleo and Region 2 Field Rep Ellen Coyne in attendance. Council Leader Mike Singleton, a Labor Services Representative for DOL, chaired the meeting along with division Treasurer Tim Green, another Labor Services Rep. Mike and Tim work for the Division of Employment and Workforce Services in Elmira. With approximately 20 members at the meeting, attendance was roughly 75% of the division.

*Mike and Tim, both being relative newcomers to Region 2, lamented the absence of union representation at the grassroots level by the division having been deactivated, with no local stewards acting as a bridge between the division and Region 2, and also between labor and management. Singleton, an experienced steward and former Council Leader and Assistant Council Leader in Region 5 quickly recruited Green, and the two began the arduous process of breathing new life into the division, including running for seats on the council, and making up for years of **in-submitted** budgets, quarterly reports, and yearly audits. With PEF Finance's help, the process was streamlined, and within weeks, Singleton and Green were voted in as division stewards, and the division was again up and running. Singleton commends Green, who rose to the occasion and got things done after Singleton experienced a personal tragedy during planning for the meeting and petitioning for office again so they would be seated effective January 1st of 2017.*

After Region Coordinator Puleo and Field Rep Coyne brought the members up to speed on PEF related items, and Treasurer Green giving his report, along with upcoming events, Council Leader Singleton brought the meeting to a close after first thanking the members for their participation and support in making the division a reality again, and promising to perform one of the steward's most important jobs besides ensuring the contract is being abided by, but also informing and educating the members, which fosters member activity, and in turn makes for a more dynamic union.

Thanks

Mike Singleton

At meeting close Superintendent Sheanon offered a tour of the facility and we capitalized on this as a member engagement opportunity. We deliberately asked to visit each work station where a PEF member was assigned and were accommodated, all good!

Subject: Action Request

Hello All,

Andrew Puleo and I sat down and made the Region 2 annual plan for Political Action Committee(PAC).

Our first item of business is to request that each Division provide a minimum of 2 people to be on the Region 2 PAC. Please provide the names and email addresses (preferably not their state email) of your PAC members to Andrew or me by February 17th. I promise to limit the emails to once a week.

You may be wondering what we will be asking PAC members to do?

**We will be asking PAC to pass political action requests on to their division members. (Letter writing campaigns, email, phone calls, and other other requests)*

** We will be asking each PAC member to adopt a representative. This means they will follow the voting record of their representative and build a relationship with their representative by calling, emailing, and visiting them.*

**The Representatives for our Region are:*

Christopher Friend, Phil Palmesano, Joseph Giglio, Joe Errigo, Catharine Young, Tom O'Mara, and Tom Reed. If you have a preference to representative let Andrew or me know ASAP.

**Attend an occasional PAC meeting. I promise to keep these to a minimum as well. Would rather have us spend our time on action instead of meetings.*

Ideally the Division PAC members will recruit helpers so they don't have to carry the full load.

We have some urgent action to be done on Cuomo's proposed State Budget. Getting our PAC members and other activists in place now is key. Contacting our representatives in force before they go back to session in March is essential to protecting our retirement health benefits and our members jobs.

I have included you on this email because you are a Steward, PAC member, or political activist. If you want to be removed from this list or want a different email address used please let me know.

Thank you,
Ruth Hart

Feb 21 thru 25 – Participated in Mediation and Training program conducted by FMCS, Federal Mediation and Conciliation Service in which all 18 PEF attendees signed off on the following pledge.

On 22 - 24 February 2017, eighteen representatives from the New York State Public Employees Federation (NYS PEF), met and participated in a Retreat and training program conducted by the Federal Mediation and Conciliation Service. Together we embarked on a course to improve the working environment and develop a better relationship between Officers, Regional Coordinators and Staff.

In the spirit of cooperation and some long hours, we worked together to gain trust, improve communication, practice listening skills and work together using problem solving strategies to resolve and improve our working relationship.

As members of the entire New York State Public Employees Federation (NYS PEF) and our communities, I personally pledge to commit to implementing the skills, systems and strategies learned at this Retreat training: I pledge to work to my best ability to foster goodwill. I strongly commit to the practice of modeling all that I have used throughout this training. I am committed to the improvements this work will bring. I will help create a trusting and respectful relationships where concerns can be presented, discussed and addressed.
